

# Pas Reform Air ducting for SmartHatchPro™ hatchers

For the delivery of clean, uninterrupted fresh air  
to SmartHatchPro™ hatchers

**Royal Pas Reform**  
Integrated Hatchery Solutions

# Air ducting for SmartHatchPro™ hatchers

## Benefits

Fresh, conditioned air from corridor, or air supply plenum, is transported to the hatcher units through the air ducting set. With minimum air resistance and special valves, this set completes the polystyrene front panels for Royal Pas Reform's SmartHatchPro™ hatcher, to ensure optimal air conditions for each hatcher.
