

# Pas Reform Ceiling fan

For improved air circulation in the hatchery

**Royal Pas Reform**  
Integrated Hatchery Solutions

# Ceiling fan

## Benefits

Robust, electrical ceiling fan minimises the temperature difference between floor level and ceiling and assists in the neutralisation of formaldehyde in fogging. Optimizing the mix of air and disinfectant in the room maximises the efficiency of disinfection.

## How it works

– The fan circulates the air, resulting in better working conditions and the more effective evaporation or neutralization of formaldehyde
